Alex Chen

AI Engineer

alex.chen@example.com | (555) 987-6543 | San Francisco, CA

Summary

AI/ML engineer with 5+ years building production LLM-powered applications, agentic workflows, and scalable b

Skills

Python, LangChain, LangGraph, OpenAI API, DeepSeek API, FastAPI, Pydantic, SQL, PostgreSQL, Docker, K

Experience

Senior AI Engineer - AutoCorp (2021-2025)

- Designed and deployed agentic workflows using LangGraph and LangChain for customer support automation
- Integrated OpenAI, DeepSeek, and Qwen APIs via a unified provider abstraction with structured JSON output
- Built REST APIs with FastAPI and Pydantic, serving 1M+ requests/day
- Mentored junior engineers on LLM application design and prompt engineering

Software Engineer - DataMind (2019-2021)

- Developed Python microservices for data pipelines and model serving
- Deployed containerized services with Docker and Kubernetes on AWS
- Collaborated with product teams to ship React/TypeScript frontend features

Education

M.S. Computer Science - Tech University (2019)

B.S. Computer Science - State University (2017)
